

As elders, we have discussed and weighed the concerns expressed about Outdoor Worship starting on August 9, 2020 at 9:30 a.m. We want to praise our Heavenly Father by gathering together for worship.

We recognize there are risks and invite you to choose one of the following options:

- worship in person,
- watch the service streamed live, or
- listen to an audio recording available after the service.

We will honor your decision as you decide what is best for you and your family.

We understand some may choose not to worship in person. We long for the day we can all be together. Our prayers are with each and every one of us that we would love God first and our neighbor as ourselves.

We plan to prayerfully move forward in accordance with the guidelines previously sent to the congregation by the Administrative Elders (Julie and Roger) on July 16th. These guidelines were adopted from those set by the State of Colorado and City of Boulder.

As stated below, if some are seeking more caution and precaution, then they can sit further from others to make it known that they desire more space and precaution.

Guidelines: Outdoor worship services at Crestview Church beginning Sunday, Aug 9th

1. Practice 6 feet of social distancing.
2. Bring your own lawn chair and sit in family/social groups 6 feet apart from one another. You may sit closely with those in your circle of regular contact.
3. Please wear a mask when coming and going and moving about or when you cannot maintain a safe distance.
4. BYOBB (Bring your own Bible and beverage as needed)
5. Do not attend if not feeling well, have a persistent cough, or are running a fever.
6. Bathrooms will be available by entering the East hallway door. An attendant will be giving instructions for sanitizing, hand washing, and regulating one person for bathroom use at a time before entering the building, as well as spot cleaning as necessary
7. Hand sanitizer and extra masks are available as needed.

We are pleased to have this scheduled time to worship together. We are looking to everyone to respect one another by practicing these guidelines. If you are seeking more caution and precaution than the above guidelines, please wear your mask at all times and sit further from others to make it known that you desire more space and precaution.
